NIC BITTLE EDUCATION CLASS REGISTRATION – LAST CHANCE!

Make a note to join us on June 23rd as **Nic Bittle** presents “**Revealing the Leader Within**”. ***There is no fee for those in the Monterey Bay CA Chapter thanks to funds received through the Wendt Scholarship.***

The class will be held at the **Hilton Garden Inn** located at 1000 Aguajito Road in Monterey. A room block has been secured for those who wish to stay at the hotel.

THE BAD HABITS AND WORST PRACTICES GREAT LEADERS STOP DOING IN ORDER TO INCREASE THEIR INFLUENCE

Bad leaders drive away their best people. In a time when retaining our top talent has never been more important the last thing we need is a leader who doesn't understand their influence. Great leaders attract great people while building trust on and off the job. What if I told you there was a great leader hidden inside us all?

The last thing any leader wants or needs is another list of qualities or behaviors they must adopt to become a better leader. Instead of piling on ideas and best practices that tend to overwhelm and confuse, what if instead we chipped away those bad habits to reveal a better version of ourselves. We don't need to add more behaviors, and habits, but instead take them away. Just like a master sculptor chips away at the unwanted material to reveal their masterpiece many of the great leaders in our industry have simply eliminated their bad habits and behaviors to become a better leader themselves.

Being a great leader is more about simplifying how you lead, not complicating it. In this workshop we will identify the behaviors and bad habits many leaders can easily eliminate to have a greater degree of influence with those they serve.

In this program you will learn:
• The most common bad habits and worst practices of many leaders.

TO BENEFIT ... PARTICIPATE!

- How to replace those bad habits with best practices proven to increase your influence.
- How to retain your top talent through how you lead and communicate with your team.
- The tips, tricks, tactics, and techniques any great leader must master to become a better leader.

Target Audience – Owners, Executives, Field Foremen, General Foremen and Future Leaders

Please contact Jerri Champlin at (831) 236-1393 or jchamplin@gmail.com to register for this class.

NECA Service & Maintenance Conference – Immediately following the BICSI Summit is the NECA Service & Maintenance Conference. Service and Maintenance work presents an opportunity for NECA members to grow their businesses, strengthen their relationships with customers and develop an ongoing revenue source. This brand-new conference will assist NECA members who are considering establishing or improving their service and maintenance divisions. Expert presentations and NECA contractor-led panels will provide insight on how to operate a maintenance sector from start to finish. The Service and Maintenance Conference will also offer an atmosphere of collaboration where members can learn from each other, discuss best practices, discuss ways to improve and share challenges and solutions.
